

Dear REU Applicant,

We have now filled all of the positions in our summer 2005 program, and are unable to make further offers. It is discouraging to us that we cannot offer positions to all well qualified applicants. We hope that you have been able to find a satisfactory position among the other REU programs to which you have applied. Thanks to you and your mentors for taking the time to apply; we are sorry that we could not find a position for you.

Sincerely,

R. C. Canfield
